PUBLIC WORKS DEPARTMENT.—BENGAL

DISTRICT ROAD FUND.

NOTIFICATION No. 280.

The 10th of August 1887.

THE annual accounts and reports of the Road Cess Committees of the districts of Burdwan, Bankoora, Beerbhoom, Midnapore, and Hooghly, for the cess year 1885-86, together with the remarks thereon of the Commissioner of the Burdwan Division, are published for general information.

W. B. BESTIC,

Under-Secy. to the Govt. of Bengal, P. W. Dept.

No. 102, dated Burdwan, the January 1887.

From—T. E. COXHEAD, Esq., Chairman, District Board, Burdwan,

To—The Commissioner of the Burdwan Division.

I HAVE the honour to submit the annual road cess report of works done and in progress during the cess year 1885-86, together with the detailed accounts of receipts and expenditure prepared by the Vice-Chairman and examined and certified to by the Finance Committee.

2. The total demand and collections of cesses for the year is shown in the report submitted by the Collector with his No. 240, dated 24th November last.

3. The year opened with a balance of Rs. 32,835-8-4, and closed with a balance in hand of Rs 16,003-14-7. It is needless to dwell on the details of the receipts and expenditure, as the enclosed accounts supply the necessary particulars.

4. *Original works.*—It appears from the District Engineer's report that the construction of the bridge over the Uchoone khal on the second section of Dewangunge and Culna road, and a temporary wooden bridge over the Khurry river, on the Burdwan and Cutwa road, were completed during the year, and that part of earthwork to be done on the Kurmoon extension road has been furnished.

5. The construction of a bridge over the Tumla khal on the Undal to Ukhra road was not finished, as the contractor failed to provide materials of sufficiently good quality; and when his contract was cancelled the season was far advanced to permit any other arrangement being made for the carrying out of the work. The work on the Buddipur to Culna road could not be taken up in hand, as the estimate for the road was sanctioned very late in the year.

6. The trees already planted on 24 miles of road were maintained during the year, and one hundred new trees were planted on the Cutwa and Sooree road, and the tree nursery at Negone was replenished.

Burdwan to Jehanabad.
Pandua to Culna.
Burdwan to Culna (second section).

7. With the exception of the roads noted on the margin, the repairs to all the other roads undertaken are reported to have been completed during the year, though final payments for some roads have not yet been made.

8. It is reported that the contractor of the Burdwan to Jehanabad road failed to collect a sufficient quantity of metal to complete the repairs by the close of the year, and that the contractor of the roads from Burdwan to Culna (second section) and Pandua to Culna failed to complete the works until after the close of the year.

9. *Village roads.*—Rupees 7,500 for the Sudder sub-division and Rs. 2,500 for each of the other sub-divisions were allotted for improving village roads. It appears that out of the above allotments, the following sums were spent, though the accounts of actual expenditure of the same were not received during the year—

						Rs.
Sudder	sub-division	7,205
Cutwa	"	2,500
Culna	"	2,500
Raneegunge	"	850

The Chairman, Branch Road Committee of Culna, raised a local subscription of Rs. 165 in addition to the above allotment, and spent the whole amount, Rs. 2,665.

The Chairman, Branch Road Committee of Ranigunge, spent only about one-third of the allotment made for his sub-division. He states that the reason of this inadequate expenditure is due to the illness of the Vice-Chairman for three-fourths of the year, the illness of another useful member, who has since died, and the apathy of the other members. The expenditure for the other sub-divisions does not call for any remark.

10. *Establishment.*—The District Engineer Mr. E. A. Stoney's work and the work of the various members of the establishment has been satisfactory.

No. 164, dated Bankoora, the 23rd March 1887.

From—W. V. G. TAYLER, Esq., Chairman, District Board, Bankoora,
To—The Commissioner of the Burdwan Division.

I HAVE the honour to submit herewith the Annual Administration Report of the late Bankoora District Road Fund for the cess year 1885-86, commencing from 1st October 1885 to 30th September 1886.

3. The District Committee consisted of 17 members—5 official and 12, non-official—at the commencement of the year, but by the appointment of Mr. Whiffin the personnel of the Committee was increased to 18 members since December 1885. Towards the close of the year, however, several members ceased to be such, having been absent at six consecutive meetings of the Committee.

4. Owing to the introduction of the Bengal Local Self-Government Act III (B.C.) of 1885 into this district from the 1st of October last, the existence of the District Road Cess Committee terminated along with the cess year 1885-86, on the 30th September 1886. It has now been succeeded by the District Board, almost half of which were members of the former Road Cess Committee.

5. There were eight meetings of the District Road Cess Committee during the year under report, at which an average of 65 members attended. The attendance of all the official members excepting that of the Executive Engineer whose head-quarters is at Chinsura, was satisfactory, whereas that of the non-official members was not so.

6. The Sub-Divisional Officer of Bishenpore reports that the Branch Committee met only once during the year, and that, with the exception of the Vice-Chairman, none of the members took any interest in the business of the Committee.

7. The road cess was levied at the maximum rate in the district during the year under report. It was realized on the whole, without much difficulty from all revenue-paying and revenue-free estates, excepting the Ghatwali estates. Out of the gross demand of Rs. 52,931 from lands and mines, Rs. 41,798 (inclusive of the amount collected in advance on account of the demand of this year, but exclusive of the amount collected on account of future year) were realized up to the end of the year, and Rs. 3 remitted, leaving a balance of Rs. 11,130 unrealized: of this Rs. 2,416 were outstanding against Ghatwali and Rs. 8,714 against revenue-paying and revenue-free estates, including lakhraj lands valued under section 68 of Act IX (B.C.) of 1880.

8. *Revaluation*.—The sanction of the Board of Revenue and of the Government of Bengal, was received at different times to revalue 504 estates in this district (313 revenue-paying and 191 revenue free). These 504 estates represent almost the whole district, viz. 7-8ths of the acreage of the revenue free-parts of the old district and about 18-19ths of the transferred tracts.

9. The valuation of 23 estates and 7,116 tenures has been completed during the year, against 38 estates and 7,891 tenures in the previous year. Besides this, 158 small rent-free tenures and 187 jalkar tenures or fisheries were exempted during the year, the former as being below Rs. 5 in value, and the latter under the orders of the Board of Revenue, as conveyed in their circular No. 5 of January 1884. The decrease in the number of tenures valued is due to the difficulty in obtaining boundaries of the lakhraj lands valued under section 68 of the Cess Act. Thus up to the end of September 1886, 467 estates and 32,501 tenures (including 9,418 lakhraj tenures valued directly under section 68 of the Act) have been valued, and 27 estates have been exempted, leaving only 8 estates to be yet revalued and about 3,000 rent-free tenures to be valued under section 68 of the Act. The eight estates, including the two largest estates in the district, Bishenpore and Barohazari have been revalued since the close of the year; but the valuation statements of Bishenpore and Barohazari, which contain no less than 13,000 tenures are still being written up.

10. The work of revaluation is therefore completed, and the establishment is now chiefly occupied with the valuation of the remaining lakhraj tenures.

11. All the above 467 estates and 32,501 tenures have been valued on returns after due enquiry, and not one was valued summarily.

12. A net increase of Rs. 2,36,051 has been effected in the annual value of the estates and tenures valued up to the end of September 1886. This increase is of course exclusive of the increase of about Rs. 1,50,000 effected in the annual value of the tenures comprised in estates Bishenpore and Barohazari, the revaluation of which was not completed within the year under report.

13. On the other hand decided relief has been given to those suffering from summary valuation, as is evident from the fact that there has been a net decrease of Rs. 24,562 in the annual value of the estates which were valued summarily at the time of the original valuation.

14. Of the rent-free tenures covered by the petitions made under section 67 of the Cess Act, 1880, 9,418 have been valued and 500 exempted from assessment as being below Rs. 5 in value up to the end of September 1886. All the above 9,418 rent-free tenures, as already stated, have been valued on returns after taking boundaries in each case from the owners, and the total annual value assessed thereon is Rs. 1,57,478, yielding a total cess of Rs. 9,842. Making all reasonable allowance I have reason to expect an increase of revenue not less than Rs. 14,000 from the lakhraj lands alone valued directly under section 68.

15. The procedure adopted by the Deputy Collector is the same as followed in the previous years. He has, by his usual scrutinizing enquiry and testing of the returns, been able to effect a large increase in the annual value of the khas lands. He has also been able to class 4,314 persons who were wrongly returned as mere cultivating rayats, as tenure-holders, under section 26 of the Act, and thereby to secure an increase of Rs. 1,37,515 in the annual value of the lands. To tenure-holders in part III and lakhrajders in part IV, he issued notices invariably.

16. Baboo Sita Kanta Ghose, Deputy Collector, was in charge of the department throughout the year, and great credit is due to him for the favourable results above-mentioned.

ORIGINAL WORKS.

17. The following are the works of an important nature that were executed or in progress under the head "original works."

(1). *Bridge on the 6th mile of Bankoora and Taldangra road.*—This work was let out in contract during the previous year, but in consequence of the excessive rain the Committee postponed the work to the year under report. The work has now been finished and finally paid for.

(2). *Construction of the first two miles of Taldangra and Simlapur road.*—The work has been completed, but the final bill has not yet been submitted.

Sanction to the project for the construction of the remaining portion of the line of road from beyond the first two miles up to Simlapal has been obtained from Government. The work of acquiring the required quantity of land is in progress under the Land Acquisition Deputy Collector. The work will be commenced ere long.

(3). *Indpore and Khatra road*.—This is a line of road joining the Khatra police station where there is also a munsifi to Bankoora. Under a previous estimate the first five miles of the road from Khatra to Rangamatia were constructed at a cost of Rs. 5,557-12. A project for the construction of the remaining portion of the road from Rangamatia to Indpore was sanctioned by Government, and the work has been already let out in contract. Possession of land has been taken by the Land Acquisition Deputy Collector and the work of construction has been commenced.

(4). *Indas and Kotsulpore Road*.—The diversion of a portion of this road near Indas was effected during the year under report. The diversion has cost Rs. 598-9-1.

(5). *Raipore and Salbani Road*.—The project for this important line of communication has been sanctioned by Government. Arrangements for acquiring lands are in progress under the Land Acquisition Deputy Collector.

(6). *Onda and Chabra Road*.—An estimate for the bridging and metalling of this line of road amounting to Rs. 2,090 was sanctioned. Mr. Seeales on behalf of his company, Messrs. Gisborne and Company, has very handsomely contributed towards this work, viz. Rs. 638-2. The work has been completed and finally paid for during the year.

18. The other works worthy of notice under the head "original works" are the construction of village roads and the planting of trees on the road sides.

19. In the Sudder sub-division the allotment for village roads was Rs. 1,500, and in the Bishenpore sub-division Rs. 7,685 for the year under report. The reason for the allotment of such a large sum in the Bishenpore sub-division was that during the year before large sums were advanced for the improvement of village communications, only to provide work for the needy labourers who were hardly pressed in consequence of partial failure of crops in that tract of the district. All these advances were outstanding pending the receipt of detailed accounts. These were received during the year under report, and finally passed off by the Committee at their meeting held on the 30th September 1886. The Committee sanctioned 10 estimates for village roads within the Sudder sub-division amounting to a cost of Rs. 1,829, of which six villagers have provided an aid of Rs. 186. There were only some advances made on account of these roads, none of which have, however, been completed; consequently no expenditure has been shown under the village roads in the Sudder sub-division.

20. In the Bishenpore sub-division only three new village roads were constructed during the year.

21. The improvement of these village communications is very beneficial to the people, both in point of means of communication and sanitation. Owing to the shortness of funds much could not be done; however, in this respect.

22. The planting of trees received also due share of attention within the year. There were no new plantings, but the trees that were planted previously were properly maintained. On most of the roads the work was done by paid coolies; only in a few the tree planting was done by piece work agreement system. The total number of trees that were maintained during the year were 4,631. The state of the trees in general is reported to be good.

23. All the existing roads of the district were repaired as usual during the year.

24. During my last cold weather tour I visited almost all the roads and their state was on the whole found to be fair.

25. The Sub-Divisional Officer reports that the condition of the roads lying within his sub-division is fairly good. He speaks also of some defects in the most important road, a railway feeder, from Bishenpore to Panighar, and complains of the very bad state of the ghats of the Jasoda khali, specially during the rainy season. His suggestion as to the appointment of a permanent set of coolies to look after and remove defects and inconveniences like these will receive due attention by the Board.

26. *Character of officers*.—The Vice-Chairman, Baboo Pratap Narayan Singh has continued to discharge his duties satisfactorily. The District Engineer, Baboo Naba Gopal Banerjee too has given satisfaction in the performance of his duties, so much so that the Committee recommended him for increase of pay. I have nothing to add to what I reported last year in regard to the efficiency of the Accountant, Baboo Bama Charan De, who has been as usual most useful to the Committee.

W. V. G. TAYLER,

Chairman.

EXPLANATORY NOTE ACCOMPANYING THE ANNUAL ACCOUNTS OF THE DISTRICT ROAD CESS COMMITTEE FOR THE CESS YEAR 1885-86.

Establishments.—The excess cost over the budget allotments under the heads "Establishment of collection office," "Administration," "Establishment of Public Works," and "Staging bungalow establishment" is due to the fact that the pay of all establishments for the month of September last was in consequence of the Durga Puja holidays paid on the 30th of the same month under the Accountant-General's circular.

Public Works—Original Works. Road No. 14, Baliatore to Damooda.—The excess over the budget grant is due to the fact that a culvert broken by the recent flood had to be rebuilt with sufficient waterway. The necessary cost was sanctioned by the Committee at their meeting held on the 5th April 1886, to be met from the allotment under head "Probable balance."

Road No. 33, Indas to Kotulpore.—There were two estimates sanctioned by the Committee during the year before, one for the construction of a barrel culvert amounting to Rs. 129, and another for diversion of the road near Indas amounting to Rs. 456, inclusive of the estimated cost (Rs. 241) for acquiring lands. In the budget estimate of the Committee the allotment was only Rs. 500 or less by Rs. 85 than the sanctioned estimated cost, because it was then considered that the percentage deductions on account of low tender, together with the anticipated savings in the item of land acquisition would make up the small difference of Rs. 85. In fact, however, the contractor for the road diversion, who offered a very low rate, declined to do the work, on the ground that the necessary lands were not acquired within the stipulated time, and arrangements had to be made with another contractor to have the work done at the estimated rates after the land acquisition work was finished.

On the other side the estimated cost of acquiring lands was found to be quite inadequate and was exceeded actually by Rs. 162-1-1; Rs. 130-1-1 in the compensation of lands and Rs. 32 in paying remuneration to clerks entertained under the sanction of Collector.

The excess cost of land acquisition was duly sanctioned by Government of Bengal, vide their No. 950L C., dated 5th May 1885, and by the Board of Revenue in their No. 332A, dated 26th May 1885. Thus, instead of the anticipated savings in the estimates there is an excess of Rs. 136-12-7 over the sanctioned estimate, or Rs. 221-12-7 over the budget allotment. As the final payment for diversion work was made on the 30th September the sanction of the Committee could not be taken during the cess year 1885-86. The sanction of the Board (the Road Cess Committee being no longer in existence) will be taken.

Repairs.—Road No. 2, Bankura to Roghunathpore.—The excess over the budget allotment is due to the payment on account of flood damage repairs to the road sanctioned by the Committee at their meeting held on the 30th December 1885.

Road No. 5.—The excess is due to the flood damage repairs to the bridges sanctioned by the Committee on the above-named date.

Road No. 14.—The excess is due to the payment of an unfinished work of the previous year re-sanctioned by the Committee on the above date.

47. The excess cost was sanctioned by the Committee at their meeting on the 5th April 1886.

No. 53, dated Soory, the 31st January 1887.

From—W. FIDDLAN, Esq., Chairman, District Board, Beerbhoom,
To—The Commissioner of the Burdwan Division.

I HAVE the honour to submit the annual report of the Beerbhoom District Road Fund operations for the cess year 1885-86, together with the account of receipts and disbursements.

2. In the year under review the number of members of the Road Cess Committee was 16, of whom five were Europeans, and there were four official to 12 non-official members.

3. The number of meetings held during the year was eight, including one at which there was no quorum. Of the members, two were absent throughout the year; but as the Road Cess Committee has ceased to exist, there is no occasion to take any action under section 115 of Act IX (B.C.) of 1880.

4. The members residing in or about the town generally attended, but the attendance of those who reside at a distance cannot be considered satisfactory. A fair amount of interest has been taken in the business of the Committee.

5. The roads maintained in this district are as follow:—

Class I.—Metalled roads, 116 miles.

Class II.—Raised roads, bridged but unmetalled, 190½ miles.

Class III.—Raised roads, not bridged and unmetalled, 77 miles.

Class IV.—All other roads, 107½ miles.

6. The different establishments both in the Collection and the Executive Departments continued the same as in the previous year.

7. The percentage of fixed charges for establishment during the year was 19 per cent. against 18 in the previous year.

8. The actual cash balance at the close of the year preceeding was Rs. 22,231-15-1, including Rs. 127-12, in the hand of the District Engineer, being balance of his imprest cash. Of this large balance, Rs. 16,421-2-3 was for works of the cess year 1883-84 which remained unpaid in consequence of non-presentation of the bills during the year, and sanction for the disbursement of the above amount after the close of the said year was obtained from your office, as per a supplementary Budget submitted with this office No. 418, dated the 17th December 1885.

9. Road cess was levied at the full rate of one-half anna in the rupee, and the cess collections during the year were satisfactory.

10. The current demand of the year amounted to Rs. 55,879, and the arrear demand from last year Rs. 8,617, making a total or gross demand of Rs. 64,496 for realization. A sum of Rs. 58,201 has been realized during the year, leaving a balance of Rs. 6,295 uncollected at the end of the year, including remission of Rs. 1,183. Rs. 2,100 has since been realized.

11. The contribution from Government Rs. 19,622 incurred on famine relief work, and entered both as receipt and as a disbursement, was simply an adjustment as per your No. 122, dated the 19th April 1886.

I.—Metalled Roads.

12. The whole of the above roads having an aggregate length of 112 miles were repaired during the year.

II.—Unmetalled roads.

13. There is a total mileage of 382½ of unmetalled roads in the district. Of this length 22½ miles are in class II, raised road, bridged but not metalled, the remaining being tracks under classes III and IV.

Original works.

14. The following works were executed and completed during the year :—

- | | |
|---------------------------------------|---|
| Road No. 8 Cynthesa to Mohesha | ... Iron girder bridge of 11 feet span. |
| Road No. 22 Doobrajapore to Khyraole | ... Three feet culvert. |
| Road No. 39, Laghata to Kalgram | ... Four bridges on this road, viz. one of 15 feet and three of 12 feet span have had their timber tops and hand rails replaced with iron girders, plates and rails. A further section of about 8 miles was being metalled this year. |
| Road No. 45, Moursher to Muller | ... Iron girder bridge of 11 feet span. |
| Road No. 16, Chunderpore to Tantipara | ... Three feet culvert. |
| Road No. 47G, Muraree to Palsa | ... A culvert of 5 feet span. |
| Road No. 62, Panchgachi to Nowada | ... Two culverts of 8 feet span. |
| Road No. 80, Bolepore to Benghutira | ... An iron girder bridge of two spans of 11 feet each was constructed and open for traffic. |

Eleven stoneware pipe culverts of 15 inches diameter have been built on petitions from ryots for irrigation purposes.

Repairs to Bridges and Culverts.

15. Thirty-five bridges and culverts have been repaired.

On the whole the roads are in good condition, though there is still much room for improvement. Most of the roads were inspected by the Divisional Superintendent of Works in January last, whose remarks on the condition of the roads have been attended to.

16. During the year I have seen a considerable portion of the roads, and any defect in their condition has been noticed in my tour report and brought to the notice of the District Engineer for remedy. I note here also the gradual disappearance of the old unsafe palm-tree bridges which have been replaced by iron girder bridges. During the year there has been a satisfactory increase in the number of substantial bridges.

Bungalows.

17. The inspection and staging bungalows, ten in number, have been repaired and are all in good order.

Arboriculture.

18. Operations under this head have been carried on, on the following roads :—

- | | |
|--------------------------------------|---------------------------------|
| No. 1. Sooree to Cynthia. | No. 34. Soorool to Ganotra. |
| " 4. Sooree to Rajnagore. | " 38. Ahmedpore to Laghata. |
| " 6. Sooree to Doobrajapore. | " 39. Laghata to Kalgram. |
| " 7. Roads round the Sudder station. | " 47E Ramporehat to Nalhati. |
| " 8. Cynthia to Mohesha. | " 51. Ramporehat station roads. |
| " 13. Sooree to Kaddia. | " 52. Muraree to Mittrapore. |
| " 29. Bolepore to Saculipore. | " 53. Nalhati to Nowada. |
| " 80. Bolepore to Benghutira. | |

The work has been departmentally done, nurseries have been established at the several inspection bungalows and at head-quarters. It is proposed to keep the young trees in thrive until they are fairly well grown. This will save expense in the matter of protecting plants by cages. Mango trees chiefly have been planted, but last season, as an experiment, the District Engineer had a few lopped boughs of Bhair (*Ficus Indica*) and peepul (*F Religiosa*) planted; the result has been fairly successful, as about 75 per cent. have taken root and are doing well. The boughs were of 12 inches girth. The number of trees planted during the year was 3,932, and the number now alive and growing well is 3,464. The charges incurred on account of arboriculture amounted to Rs. 651-9-9.

19. The District Engineer has given much attention to the improvement of the main lines of communication by substituting permanent bridges for temporary ones, and adding bridges where there were none existing previously. The Sub-overseers have worked satisfactorily.

BEERBHOOM.

The 18th March 1887.

F. H. SKRINE,

Chairman, District Board, Beerbhoom.

No. 595, dated Midnapore, the 7th March 1887.

From—R. CORNISH, Esq., Chairman, District Board, Midnapore,
To—The Commissioner of the Burdwan Division.

I HAVE the honour to submit the annual account and report of the Midnapore District Road Fund for the cess-year 1885-86.

2. The annual accounts were duly examined and audited by the Finance Committee.

* * * * *

4. * * * The percentage of average attendance of members was 42.9, while that of the previous year was 43.7. During the year under report there were three meetings of the Branch Committee at Tumlook, four at Ghattal and one at Contai. In all the meetings of the Branch Committee, there was a quorum.

5. The following are the most important original works that were constructed or were in course of construction during the year under report:—

- (a) Materials for construction of a bridge of 4 spans each of 30'-4" over the Rohar khal on the 22nd mile of Road No. 3, Ladhasye to Parihatta, and for renewal of platform and construction of two additional spans to the bridge over Gaburdhun khal on the 22nd mile of Road No. 6, Burdwan road, are being collected.
- (b) The 10th and 11th mile of Road No. 5, Ghattal to Chunderkona, have been raised and widened.
- (c) Materials for the construction of a bridge over Baromesha khal in the 10th mile of Road No. 8 from Gurbetta to Ramghur, and for the construction of bridges and culverts on road No. 10, Satbankoorah to Gowaltore, are being collected.
- (d) The bridge over the Jashpore khal on road No. 12 Dohijuree to Sildah, has almost been completed.
- (e) A portion of road No. 23, from Kheerpoy to Buddangunge, and of road No. 15, from Debrah to Ghattal, has been raised and widened.
- (f) Arrangements made for acquiring lands for the construction of road No. 77 from Balichuck to Sobung.

6. Trees planted on both sides of the principal roads have been maintained, and their growth appears, on the whole, satisfactory.

7. All the important roads of this district were kept during the year in good and drivable order, and repaired as far as funds were available. The unmetalled roads were also all maintained during the year and kept fit for wheel traffic.

8. A statement showing the number and length of village roads repaired and constructed during the year is given below:—

9. Work on village roads has been carried out chiefly by village panchaets under the supervision of the Sub-divisional officers and the members of the Branch Committees, and in some cases by contractors where suitable local agency was not found.

10. The establishment under the Committee worked very well and hard. The District Engineer gave me complete satisfaction, and among the subordinates, I would specially mention Baboo Onunder Siker Dass.

12. The books and accounts of the Committee were regularly kept, and the auditor was satisfied with the manner in which the accounts were entered in the books.

13. The collections of road cess during the year under report were Rs. 1,61,413-5-8, against Rs. 1,46,992-1-3 in the preceding year. Baboo Upendro Chunder Mookerjee, the Road Cess Deputy Collector, was in charge of collection work throughout the year, and deserves much credit for the good collections.

Explanatory Memorandum to accompany the Annual Accounts.

Expenditure side—The expenditure as shown in the annual account under the heads of "Original" and "Repairs" is Rs. 26,048-9-8 and Rs. 1,12,587-1, while the expenditure in the monthly accounts against those heads amounts to Rs. 26,078-1-6 and Rs. 1,12,507-9 respectively, that is the expenditure of original work is less by Rs. 29-8 and that of repairs exceeds by the same amount. The reason of this difference is owing to the fact that materials worth Rs. 29-8 were at first bought and charged to original work, and subsequently after the submission of the accounts the materials were transferred to the head of "Repairs" and used in repairing the bridges.

BEFIN BEHARY DUTT,
Vice Chairman.

No. 277, dated Hooghly, the 5th February 1887.

From—G. TOYNHILL, Esq., C.S., Chairman of the District Road Committee, Hooghly
To—The Commissioner of the Burdwan Division.

I HAVE the honour to submit the report on the administration of the Hooghly and Howrah District Road Fund for the ~~cess~~ year 1885-86.

2. * * * The District Committee had six meetings, the Howrah Branch Committee five, and the Serampore and Jehanabad Branch Committees had three meetings each. The Branch Committees had very little business to transact, and consequently the number of meetings was small.

3. There was no increase or decrease in the mileage of either metalled or unmetalled roads.

4. The original works undertaken and completed and paid for during the year consisted of four masonry culverts on Road No. 81 from Goghat to Shambazar, and of four culverts on road No. 80 from Pursurah to Jehanabad.

5. All repairs entered in the budget estimate were undertaken, and were completed with the exception of repairs, amounting to Rs. 280, on road No. 32 from Mossat to Juggut-bullubhpore. The District Engineer points out that while the average annual grant for repairs during the seven years from 1878-79 to 1884-85 amounted to Rs. 98,901, and the average annual value of work done and paid for during the ~~cess~~ year amounted to Rs. 84,605 or 85.54 per cent. of the grant, the grant in the year under report amounted to Rs. 81,790 and the value of work done and paid for to Rs. 80,248 or 98 per cent. of the grant.

6. The state of the culverts and bridges on the district roads is fairly satisfactory, but the condition of many of the roads both metalled and unmetalled has been the subject of complaint. This is probably due to a great measure to the want of funds, the available income of the Committee not being sufficient to keep the large mileage of roads in existence in efficient and satisfactory repair. The system under which the work has been done and the small amount of supervision exercised by the District Engineer over the work of contractors were also to some extent the cause of the dissatisfaction felt in the condition of the roads. It is to be hoped that the District Board recently constituted will be more successful in these matters. To be so, however, they must have a new District Engineer.

7. The condition of the village roads, and the system under which they were maintained and repaired, and the work done was supervised and paid for remained unchanged. Very little new work was, however, done, as the sum available for this kind of roads was very small during the year under report.

8. The trees planted along the sides of the district roads were properly looked after and are now, in the case of most of the roads, in a very thriving condition.

9. The different clerical establishments under the Committee have generally speaking done their work satisfactorily. It was, however, discovered in the course of the year that the head clerk of the Committee's office had been for a considerable time past misappropriating a sum of Rs. 30 which the Committee had been receiving monthly from the Municipal Commissioners of Hooghly and Chinsurah as rent of a part of the Committee's Office building which was occupied by the Municipal Commissioners for their Office. On the discovery of the embezzlement, the entire amount defalcated was recovered from the culprit, and he was prosecuted and sentenced to 4 years' rigorous imprisonment. On appeal, the conviction was upheld by the High Court, but the sentence was reduced to one of imprisonment for three years. The District Engineer's work has not been satisfactory in my opinion. He is not energetic or active enough, and does not see to small matters himself. I consider that he is decidedly not the best man the District Board could get for the money and would recommend that he be not confirmed. I have arrived at this conclusion deliberately after three years' experience of his work.

SHYAMDHUN ROY,
for Vice-Chairman.

No. 93, dated Burdwan, the 16th May 1887.

From—E. V. WESTMACOTT, Esq., Offg. Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

WITH reference to section 179 of the Cess Act of 1880, I have the honour to submit herewith, in original, the annual reports and accounts of the receipts and expenditure of the Road Cess Funds of the several districts of this division for the cess year 1885-86.

2. The reports and accounts of the districts were received in this office on the dates noted below:—

Burdwan	21st January 1887.
Beerbhoom	3rd February "
Hooghly	9th ditto.
Midnapore	10th March "
Bancoorah	28th ditto.

but all of these had to be returned for correction and further explanation, and the revised accounts were received on the dates undernoted:—

Burdwan	19th March and 19th April 1887.
Hooghly	28th ditto and 28th ditto.
Beerbhoom	23rd March 1887.
Midnapore	14th April "
Bancoorah	7th May "

3. The total receipts of all the districts in the division for the cess year 1885-86, including balances on 1st October 1885, and sums under the heads, advances and deposits, amounted to Rs. 8,12,695, viz:—

	Rs.
Burdwan	1,93,029
Beerbhoom	1,17,878
Hooghly and Howrah	1,90,523
Midnapore	2,40,262
Bancoorah	71,002
Total	8,12,695

4. The net disbursements of the year (excluding advances and deposits, Rs. 84,136) amounted to Rs. 6,12,314, viz:—

	Rs.
Bancoorah	54,957
Beerbhoom	81,135
Hooghly and Howrah	1,33,522
Burdwan	1,02,841
Midnapore	1,75,859
Total	6,12,314

5. The available balance on 30th September 1886 aggregated Rs. 1,16,245, viz:—

	Rs.
Bancoorah	7,321
Beerbhoom	30,591
Hooghly and Howrah	21,527
Burdwan	16,604
Midnapore	40,802
Total	1,16,245

6. Attention has been given by every District Committee to arboriculture, the existing trees have been maintained in all the districts. New trees have been planted along road sides in the three districts of Burdwan, Beerbhoom and Midnapore; no new trees have been planted in Bancoorah and Hooghly districts.

7. Village roads in the districts of this Division have been maintained so far as funds permitted. I have very good reason to believe that much of the money shewn as spent on village roads has been frittered away on petty foot-paths for the internal communications of villages and not on roads to bring villages into communication with the main lines of district roads, and so with the outer world. It appears to me that the main lines should be completed first, and that it is premature to spend money on village roads till main or branch lines are brought into the neighbourhood of the villages.

8. Generally as a whole the roads of the division have been well maintained with the exception of those in the Hooghly district. The District Road Committee of Hooghly report that for want of funds the condition of many of the roads both metalled and unmetalled is unsatisfactory, and that they are unable to do all that is necessary with their small income. I am of opinion that expenditure on the construction and maintenance of metalled roads has been much heavier than is warranted by the Road Cess income, and while benefiting certain localities generally in the neighbourhood of head-quarters of districts, has deprived other tracts of all benefit from the funds to which they contribute. In the district of Howrah the three southern thanahs of Bagnan, Shyampur and Ooloberia have no Road Cess roads, on account of the large amount spent on metalling, entirely within thirteen miles from the centre of the town of Howrah. The Road Cess funds are scarcely adequate to meet the district requirements in bridging and unmetalled roads, and where metalling is wanted, I am of opinion, that the cost should be provided by tolls, which, moreover, would secure a contribution from the mercantile classes, instead of expecting the land alone to pay for benefits which are enjoyed by all classes.

9. With the exception of the Hooghly District Engineer who is reported to have been wanting in energy, the District Engineers of all the districts of this division have during the year worked well.
